

News Release: September 6, 2008

The Amazing Story of Guffey, Colorado

Geologist Steven Wade Veatch will present "*The Amazing Story of Guffey*" at a community potluck supper at the Guffey School on Thursday, October 16, at 5:00 PM.

Steve is president of the Friends of the Florissant Fossil Beds and a volunteer there. He and several members of the **Lake George Gem & Mineral Club** have been doing research for nearly a year. They will share their photos and interesting discoveries.

If you would like to hear about volcanoes, meteorites, blue agates, soda springs, and the archeology of the area, join us at the **Guffey Community Charter School, 1459 Main Street** in Guffey, at **5:00 PM on October 16, 2008**.

* Please bring a dish to share for our potluck dinner. *
